BEST OF THE PACIFIC

★ 2020-21 ★

Our readers are the Best of the Pacific!

Thank you for another great year on the books! Despite COVID-19 getting in the way, you matched last year's record-setting amount of votes to pick the best of the best to represent the Pacific. If you're new to the theater, you may have been overwhelmed with all the new sights, sounds and experiences. While travel and daily activities have been affected and a new norm is setting in, relying on our neighbors and those who arrived before us for information is as valid now as it has ever been. Lucky for you, you'll find a lot of your fellow community members' recommendations in this magazine. If you're looking for a reputable car dealer, the best place to shop on or off base, or even the best place to grab a bite, turn these pages and see what the voters had to say.

For the past 16 years, Stars and Stripes has been tallying up the votes of the military community and sharing the valuable information for the sole purpose of making your transition here easier.

This year is an especially important year for Stars and Stripes as we mark 75 years in the theater. For 75 years, our team has been bringing members of the military community just like you the important news and vital information necessary to continue the mission. Join us on our new website, 75.stripes.com, as we reflect on our history and our commitment to serve our troops and their families.

This commitment flows into everything we do and the publications we bring you. This magazine is your magazine and as you flip through, you will see the words of your fellow colleagues and neighbors echoed throughout. This is a compilation of word-of-mouth and votes. In here, not only will you find out who the Best of Pacific is for each of the categories, but you will also find out why they won.

We are each other's greatest resource, and this is a great way to know where to tune in for some good radio or where to go for a great meal (Dragon Hill and Osan O'club are where you want to go for Sunday brunch in Korea). Or, if you need a cellphone provider, word on the street (or in this magazine) is *au* if you live on Okinawa. Heather Tobler from Kadena AB says *au* has the "best signal strength and coverage area."

Best of all, this insider info and the magazine are FREE! Best of the Pacific is always free, just like all the community content from Stars and Stripes. From our community newspapers in the blue boxes on base - Stripes Japan, Stripes Okinawa, Stripes Guam, Stripes Korea - to our four websites, StripesJapan.com, StripesOkinawa.com, StripesKorea.com, Guam.Stripes.com, we have you covered.

We couldn't have made this magazine as valuable as it is without your input. And, for that, we thank you! As a token of our appreciation, each person who voted was entered into a raffle to win one of three gift cards of up to \$300. Congratulations to the lucky three who took home the prizes. Laura Kelley from Yokosuka Naval Base, Japan (\$300), TSgt. Christopher Sims from Osan AB, Korea (\$200) and Dawn Benbow from Camp Butler, Okinawa (\$100) probably spent a combined 15 minutes to vote and now they're a little richer for the experience.

We really enjoyed hearing from you, and we want everyone to know that the feedback doesn't need to stop with the BOP voting. So, let us know what you think! Our community websites are up 24/7 and you can reach us on Facebook. Send us a message, and please don't forget to follow us - @StripesPacific!

DEPENDENTS OF MILITARY PERSONNEL

Lakeland is an excellent transition university for military dependents finishing high school. Small class sizes and close supervision by faculty make transition from high school to university easy.

AT LUJ, students can:

- Commute from home in many cases
- Enter competitive universities more easily as A.A. degree graduates than high school graduates
- Receive the two-year Associate of the Arts degree in 19 months
- Make new friends easily in the family-like atmosphere
- Automatically receive a scholarship upon transferring to the main campus in Wisconsin as LUJ graduates

My name is Thien and I am a 1st-term student at Lakeland University Japan. As a student veteran, I think I have a fairly unique background. I was born in Denver, Colorado, from immigrant Vietnamese parents and as I grew up, I learned to appreciate my heritage and wanted to begin my own legacy as an American.

I enlisted into the U.S. Marine Corps at the age of 17 and left home to boot camp right after high school graduation. Stationed in southern California, I served 4 years as a Field Wireman and deployed multiple times on Marine Expeditionary Units and Unit Deployment Programs.

Those deployments gave me the opportunity to explore many different countries, cultures, and cities throughout the Persian Gulf and Southeast Asia. However, one country stood out to me from the rest during my enlistment and it was Japan.

Drawn in by the unique culture and people, I decided to return. During a rainy day in the chow hall line, I read about LUJ off of an advertisement in the Stars and Stripes Magazine. The school was an opportu-

nity for me to pursue a college education while experiencing Japanese culture. So I applied.

Now having parted from my friends and family state-side, I am studying and taking university level classes while creating new connections with locals, international students, and other fellow veterans. LUJ gave me a chance to utilize my G.I. Bill and experience the unique and robust lifestyle that is found only in Tokyo.

SSgt AJ Duprey (Kunsan)

"My secret to success is that I didn't know I was successful? Just kidding. I think I've only gotten this far in my life by being genuine and staying true to who I'm going to be. As cliché as that sounds. I deal with crazy anxiety about 95.7% of the time and I'm never closed off about that, but I try to go with the flow and make the best out of the situation I'm in. I try to stay open and honest about what I think and feel about most things regardless of rank or status, if you ask me, chances are I will be totally honest about anything. When you're genuine with people, they're willing to let their guard down, be open with you and it also makes for a more comfortable and fun-filled interview. I want people to walk into my studio and know that they're going to have a great time and leave knowing that I cared about them and what they had to say. I chose the name "The Goofy Goth Girl" because it let people know that I wasn't going to be crazy serious and I'm here to (mostly!) have a good time--that's who I'm going to be always and I've got to manage expectations, ya know? You want a stiff-shirt? Find a different DJ!"

- SSgt AJ Duprey

"Super high energy, very active in the community on duty and off. Hands down the best."
-Krystal Suit, Kunsan AB

"She makes the day way easier to deal with! You can't help but smile when she's on the radio. And how cool is the Bat Chat!!!"

-Daniel Graham, Kunsan AB

PFC Brandon Muniz (Humphreys)

Big Base

"I want to thank my God for the time I've been able to spend as a radio DJ for AFN. I would say the secret to success is to work hard even when no one's watching you."

- PFC Brandon Muniz

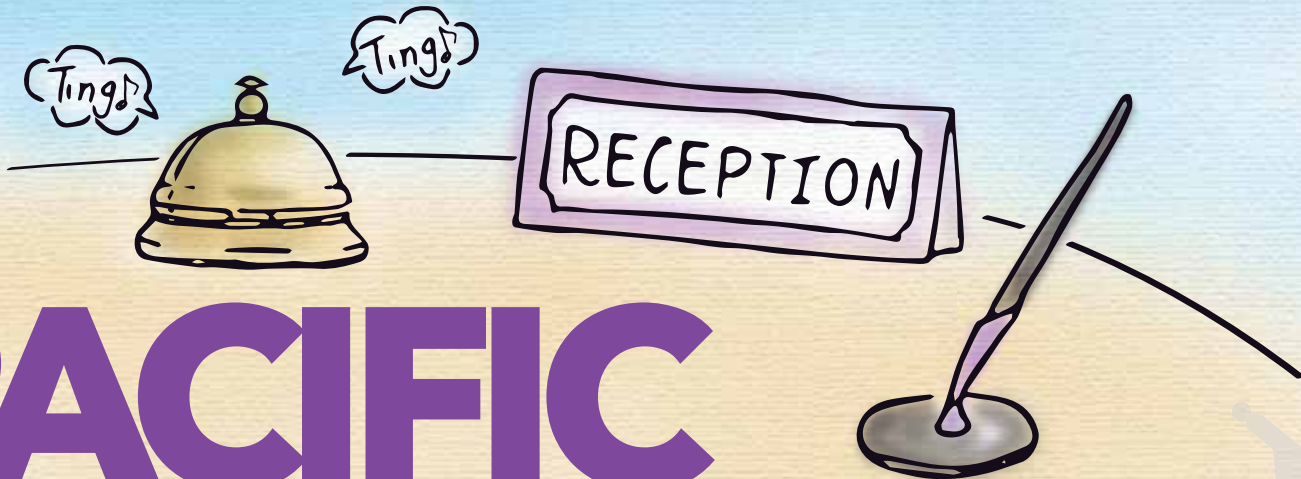

"He's diverse in the subjects he covers and more than just a DJ. This guy was accurately commenting on scientific pursuits the other morning."

-Doug Warren, Osan AB

"My daughters and I listen to DJ Monies every morning on our way to school."

Congratulations to this year's gift card winners!

Three lucky voters in this year's contest found it pays, in more ways than one, to make their voices heard about what they think is best.

*Laura Kelley
(Yokosuka NB, Mainland Japan)*

Q1: What's the best thing about your current location in the Pacific?
My husband and I enjoy traveling and learning about Japanese culture. Our location is perfect for endless adventures around the area and larger cities, like Yokohama and Tokyo. It's close to great hiking trails and beautiful ocean views, too. Also, our proximity to Tokyo makes traveling within Japan and to different countries around Asia incredibly convenient!

Q2: What are you going to buy with your gift card?
There are many places I wish to visit, so I will be saving this gift card for future travel!

*TSgt Christopher Sims
(Osan AB, South Korea)*

Q1: What's the best thing about your current location in the Pacific?
The best thing that I like about Korea is the culture, quick access to other Asian countries and comradeship. Information Tickets and Travel (ITT) has done an excellent job in facilitating various activities to experience Korea. Once we are able travel again, this summer I plan to take full advantage of the experiences.

Q2: What are you going to buy with your gift card?
I plan to use the gift card to buy the Nintendo Switch for my children back in the States.

*Dawn Benbow
(Camp Butler, Okinawa)*

Q1: What's the best thing about your current location in the Pacific?
The thing I love the most about living in Okinawa is being able to travel and enjoy the outdoors. There's something for everyone here and we particularly love beachcombing so we are in the perfect spot to do that!

Q2: What are you going to buy with your gift card?
I would probably put it towards a new basketball hoop for my son.
