THANK YOU FOR BEING THERE THROUGH THICK AND THIN

The time is near, a chapter is about to close and a new one is bound to start. The Class of 2025 will soon walk the stage, receive their diploma and turn their tassels to end an era. There might be tears of joy or deep sadness on that day. Thoughts of proudness, excitement and anticipation might linger throughout everyone’s mind, but we cannot forget the people who have shaped the souls graduating that day.

To the parents, educators and every individual who supported the seniors that will be on the stage, thank you. Thank you for your love and care you put into these graduates. Thank you for never giving up on them and providing your guidance when they needed it. Thank you for being there through thick and thin. A shoulder to cry on when times got too tough. And without you, we wouldn’t be our current self you know and love.

You never gave up on us, we believe that since you are there. Sitting down on a seat, looking up on the stage. Noticing that we’re there, dressed for the occasion, anticipating to hear our name. You’re there, ready to cheer the loudest than everyone in the room, even if they said to wait for the end. You’re going to cheer so loud that we wouldn’t notice who didn’t. You’re there for a reason, to support us in our ending journey of high school.

Another journey will soon arise, and we know you’ll still be there. We might seek less help than before, since we are growing up. Growing to be fully functioning adults, learning how to take over the world, one step at a time. From graduation to the days forward, we trust you to be the first choice when we need a helping hand. You were by our side from the beginning, we know you’ll be there at the end.

From the start to the end, you were always there. We bet you could remember our first day of school, all of them, for each grade level. Not expecting our ending to come, but more than ready to see it happen. You’ve captured many memories with us, and now you’re going to capture a memory of a lifetime.

You raised us to become the graduates receiving our diploma, turning the tassel, and ending our final chapter of high school. As a result of your hard work, we will now go forth, achieving our next big goal, and succeeding in the near future. Thank you.

Love,  
Your Seniors
