Congratulations!
Class of 2020

As we end the school year, part of the new graduating Class of 2020, we will look towards those who made us the people we are today and reflect on our appreciation for each and every one of you. Thank you for helping us accomplish this milestone in our lives. Now, we are ready to begin our next chapter as young adults tackling the real world.

TO OUR TOP SUPPORTERS

On behalf of the Class of 2020, we would like to give our thanks to all who have supported us throughout our high school career and brought us to where we are now. No words can describe how immensely grateful and appreciative we are of those who stuck by our side since our freshmen year.

We would first like to acknowledge our counselors. Thank you for leading us in the right direction since the very start. We appreciate all the times you've changed our schedules and for always checking up on us, making sure we got our college applications in. We especially loved getting your emails about scholarship opportunities. From the beginning of our freshman year, you've always provided us with the resources necessary to graduate. Thank you for all your hard work and effort you've put into making our future bright. We wouldn't be where we are without you.

Secondly, we would like to thank our teachers. Thank you for providing us with guidance and knowledge. We've grown a special connection with each of our teachers that we will treasure forever. You've given us support when we struggled. You went out of your way to make sure we passed your class, allowing us to graduate on time. You've helped us build our confidence to tackle future challenges, which thankfully, prepared us for the next chapter in our lives.

Our most heart-felt "thank-you" is to the most special person, our class council advisor, Mrs. Roschelle Cruz or also known as "Auntie Schelle." We would like to thank you for the tremendous amount of time and effort you've put into our class events/fundraisers. Our class will always remember easily spotting you in the crowded hallways with a big welcoming smile on your face, which always brightened up our hard days. You've provided us with an incredible amount of support and wisdom, treating us like your own kids. You aren't just someone who does their job because they have to, but someone who is passionate about what they're doing and cares for us. For that we appreciate you so much Auntie Schelle because we truly wouldn't have made it without you.

We could never forget about our wonderful Principal, Mr. Sheedy and our Assistant Principal, Mr. Hughes. Mr. Sheedy had started his journey at Guam High the same year we became freshmen, instantly creating that tight-knit bond with our class. Although Mr. Hughes wasn't with us for all four years, everyone can agree that the bond we have with him is just as strong. We would like to thank the both of you for always keeping us in check and guiding us in the right direction towards success. We thank you for allowing us to have fun-filled, memorable events and bondings. Even though you were hesitant about some of them, you both always kept in mind to create a fun and enjoyable environment at school.

Last, but certainly not least we would like to thank our parents and our families. Thank you for giving us a roof over our head and food at the table. For supporting us since the very beginning. You were there for our firsts, our first steps, our first days, our first heartbreak, our first games, etc. You've helped us find our passions and our strengths. You've seen us at our worst and were there to get us out of the hole we dug ourselves in. You truly are our number one supporters. Thank you for always having our back and for helping us through the tough times in life. You were there to celebrate our biggest accomplishments and were there to wipe our tears. Thank you for still giving us the same love and support, even when we did mess up at times. As we go into the next chapter of our life, we will still be coming back to you for support and advice. You've given us strength, courage and wisdom to go out into the real world and we love you with all our hearts.

Our class wouldn't be here without the support of all these great people along with others that we weren't able to mention. As we end the school year, part of the new graduating Class of 2020, we will look towards those who made us the people we are today and reflect on our appreciation for each and every one of you. Thank you for helping us accomplish this milestone in our lives. Now, we are ready to being our next chapter as young adults tackling the real world.
