Your dedication to your academic studies is simply admirable, We love you and are so proud of you!

— Love Mom and Dad

Kai

We are proud of you, Kai! We LOVE you so much!
#YNWA

— Mama, Papa & Ryder

Kyo

You did it! So proud of you, our favorite son. We are always here to love you and to support you.

— Tatay and Nanay

Kyo

May the Lord continue to guide you on your new journey as He has always been. We love you!!!

Ate Glads, Ate Reina & Emeriz

On behalf of the EJ King PTO, we'd like to wish our Cobras the best of luck with their future endeavors!

THANK YOU FOR BELIEVING WE COULD BE SOMETHING GREAT

As we approach graduation, we find ourselves standing at a bittersweet moment, peering into the edge of a new chapter in our lives, while also looking back at the past that shaped us. Our high school journey is coming to an end, and now it's time for us to reflect and express gratitude to all those who have helped us reach this milestone. On behalf of the E.J King senior class of 2024, we would like to extend our sincere thanks to everyone who has played a part in helping us grow up and become ready for the real world.

To our parents, who have shown us unwavering and unconditional support since the very beginning. From the late-night study sessions to cheering us on at every game, your love and support have been the foundation for who we are and have given us the courage to not only dream big but pursue it. Your sacrifices don't go unnoticed, we know parenting teenagers is not easy, let alone a teenager miles away from home. As we go on to live fruitful lives beyond here, the lessons and memories we have built together will go on to shape who we will become.

To our teachers, who have been more than just our faculty but mentors and sometimes even friends. You have challenged us to always question, pursue knowledge, and push beyond the limits that we set for ourselves in our comfort zone. Your passion for doing what you do has inspired us to give our all to every aspect of our lives and chase our dreams.

To everyone else who helped us along the way, our coaches, our faculty, our friends. You have been an unsung hero in our lives, your championship and support of who we are and what we do has given us the confidence to pursue our next chapter. Your guidance has shaped who we are and who we will become, showing us what it means to be compassionate, empathetic, and, most importantly, resilient. For that, we will always be grateful.

As we prepare to graduate and push through the final weeks of high school, we will carry with us the memories that all of you have given us, all the relationships we have formed, and all the lessons we have learned. While our paths may split, our shared experiences at E.J. King will always provide a thread of connection between us, and the impact it will have on our lives will be immeasurable.

So, to the parents, the educators, and everyone in between who has guided us, supported us, and believed in us, we say thank you. Thank you for believing we could be something great, thank you for showing us we have the potential for success, and thank you for showing us to take the world by the horns. While the path ahead may be bumpy, it would not have been possible to even start without you, and as we step into the next chapter of our lives, we do so with gratitude and appreciation for all that you have done and sacrificed to make it so.

With the sincerest thanks,

- E.J King Class of 2024

Senior Raelin Reyes gets in character for her role as Rapunzel in the musical *Into the Woods JR.* Many seniors participated in choir and theater. Along with casting, there were volunteers from the Class of 2024 who helped create set pieces like this one.

THANK YOU FOR ALL THE LOVE, SUPPORT AND SACRIFICES

As the graduating class of 2024, we want to take this opportunity to thank our Educators, Coaches, Parents, and others for impacting our lives and our high school experience. Soon, our class will venture off to the next level with the appreciation of the support, guidance, and care that came from you.

To all the Teachers, thank you for the countless hours you have committed to educating the students to prepare us for the future. With your passion for your subject, you have engaged us and shaped our minds to love learning. Though at times we hit rough patches, you never doubted our ability to learn. Your patience and motivation helped push us out of our block and get back on our feet.

To all the Coaches, thank you for allowing us to push ourselves both mentally and physically, past where we never thought we could go. Not only were you a coach, but a mentor. Throughout the seasons, we gain technical and leadership skills. You teach us to stand up for ourselves and stand out. You also teach us to put all efforts into our positions, showing commitment and determination. You installed trust in ourselves and each other, resulting in teamwork. So, again, thank you.

To all the Parents, thank you for all the love, support, and sacrifices. As our number one supporters, you set high standards for us to better ourselves in and out of school. The support you give encourages us to follow our dreams because we know you won't let us fail. Even when we give you a hard time with senioritis, you never give up on us and encourage us to push forward.

To everyone else who has impacted our high school career, the graduating Class of 2024, thank you. Even an exchange of encouragement or a helping hand can impact a student's life dramatically. That forward push you gave us allowed us to be where we are today. Thank you for the noteworthy lessons you have shared with us. Thank you.

- Perry Class of 2024

Each year at M.C. Perry, seniors start their last year of high school with a bang! The Class of 2024 gathered together with blankets and snacks to enjoy Senior Sunrise.

WE ARE INCREDIBLY THANKFUL FOR ALL YOU HAVE DONE

On behalf of the senior class, the student council would like to thank all of you for what you've done for us, whether you are a parent, step-parent, legal guardian, teacher, administration, school counselors, MFLC, custodian, bus driver, or any person who has been part of the lives of our senior class, you have all supported us to get us to this point. Soon we will all be adults, making our own decisions. Some of us will still rely on your help, but many will want to break away and make their path. It'll be the lessons we've learned from you that will drive us in life. No matter how small your role, you have given us what we need to make our way in this world.

We would like to first thank all of the parents, step-parents, or guardians, whether military or civilian, who gave us the chance to live here in Yokosuka and attend Kinnick High School. KHS is one of the best DoDEA high schools in the Pacific, as unbiased as we are. You provided a positive environment where you taught us right from wrong, and helped shape the people we are today.

We would like to thank our teachers. They brought us up from when we were children, by teaching us how to read and write. You have given us the foundational skills needed to work and function in a dynamic world. Even though the parts we don't like about school, such as having to follow deadlines and doing those dreaded group projects, have prepared us for the hardest parts of life. Our teachers have given us the safety to make mistakes and learn how to live outside the watchful eyes of our parents. Even if we didn't think we were learning anything, we learned how to learn, to think critically, and to be owners of our decisions.

We would like to thank everyone else here in the Yokosuka Community. All the hundreds of people who make our world run. No matter how small of an impact you think you make, just know we are incredibly thankful for all you've done for us. All your work makes up the individual gears and pieces that work together in this beautiful place called Yokosuka.

- Ryan Holloway, Senior Class President, Nile C. Kinnick High School

THANKS FOR SETTING US UP FOR GREATNESS

Thank you to everyone who has helped us become the people we are today. From our 1st grade teachers to our teachers this year who helped us figure out what we want to do with our lives, you have all done nothing short of setting us up for greatness and we are forever thankful.

Our class has been through ups and downs. Ours is the class that started its high school career virtually instead of in a classroom, The past 4 years have been hard, but with the support we have from everyone around us, we are now ready to move on to the next chapter of our lives, whether going to college or straight to work.

And to our parents, thank you for being with us through every year, every big test, every sports game, whether we were benched or starting, and for every college acceptance or rejection. We wouldn't be here without you guys, and we love all of you from the bottom of our hearts. The next couple of years will not be easy, but you've nurtured our potential and we are sure that we will change the world for the better.

Sincerely,

- Aliyah Torres, Class President,

GRATITUDE AND GROWTH: A JOURNEY OF THANKS

The last four years of our lives were filled with memorable moments that will follow us forever. From the first day of freshman year where we were fearful yet excited about our future, to our last first day of school beginning with senior sunrise, the Yokota High School Class of 2024 is one to remember. We have made so many memories from our time spent at Yokota High School, no matter if we have lived here our whole lives or just a few years.

On behalf of the entire senior graduating class of 2024, we would like to thank everyone who supported us throughout all four years of our high school career. To our parents, who provided endless support even when things were difficult, you have pushed us to become strong and resilient individuals and now our efforts have finally paid off.

We also would like to thank our teachers and faculty for teaching us over the years. Thank you for inspiring us to be persistent and the best version of ourselves. Your guidance and support have and will continue to be incredibly impactful on our lives. We have so many things for which we are grateful that words cannot describe. So as a class to express our gratitude, we promise to take the skills you have equipped us with to better the world.

As graduation inches closer every day, many students find themselves reminiscing on how things were, how much has changed, and how fast the time has gone. With this, one thing has remained the same: having the support of our family, friends, and teachers. As our time at Yokota High School draws to a close, we ask for your continued support in our future endeavors. Whatever path we decide to go on, success will follow.

THANK YOU FOR SUPPORTING US EVERY STEP OF THE WAY

No one ever said high school was easy, but it would have been impossible without our parents, teachers, and coaches. The journey to receiving our high school diploma has been arduous. A worldwide pandemic complicated our freshman and sophomore years. For many of us, as military children, this is our second or third high school. The development of AI is changing education whilst we are still pursuing it. Wars and conflict have invaded the news for all four years of our high school career. And yet despite all this, we were also just teenagers with sports, clubs, classes, and dreams of the future that we could not have balanced on our own.

We would like to begin by thanking our parents and those who stepped in as our "second parents." Thank you for supporting us every step of the way. We will remember the sacrifices you made for us and forever be indebted to you. Thank you for motivating us toward what is now a reality, as we prepare to walk across the stage and receive our diploma. We have the opportunity to take our next step, due to your encouragement and essential aid.

Second, we would like to thank our teachers. With a graduating class of 57 students, we have had the opportunity to have smaller classes and personal relationships with our teachers. Some of us have even had the opportunity to have the same teachers since freshman year. Between giving personal consultations about colleges or our career opportunities, coming to our sports games and events (even being the coaches), and caring individually about each of us, you have our deepest respect and gratitude.

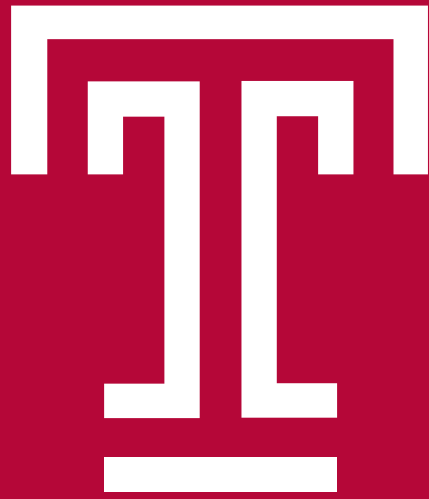

To everyone else who offered assistance and guidance, we thank you. For each of the four years of high school, there have always been people who have offered indispensable aid. You have impacted our lives and we will bring your influence with us as we begin this new chapter.

Thank you for everything,

*- Olivia Parish,
Zama High School Senior Class President*
