STARS AND STRIPES®

GRAD TAB

Summing up high school means, four years of late nights, early mornings, homework, exams, sports, friends, dances, games, and extracurricular responsibilities. As it culminates at graduation, we reflect on this bittersweet finale to our high school careers, and those who made it possible. We thank our parents, teachers, pastors, siblings, and other individuals who supported us throughout these years. Without their support, love, and advice, we would not have come so far.

Dear Parents, Teachers/Staff, and All Those Who Have Helped Us Through the Years,

The Graduating Class of 2019 has officially made it to the end of our senior year, and we are eternally grateful for the many hours you have put in for us. From all the late nights to all the early mornings, we would've never been able to get here without your support and care. It hasn't always been easy; but, even when we were cramming for finals, stressing over assignments, or worried about upcoming school events you helped us through, and taught us to enjoy life.

We've had fun traveling for sports, going to various Far East events, and going on our senior trip to Round 1. We appreciate our parents for making all of these events possible for us and working hard to make our senior year fun and exciting. Our parents do so much for us, from planning our senior trip to planning a barbecue and lunch activity, and trust us when we say it doesn't go unnoticed.

We are about to embark on another new and exciting journey called life. There is no doubt in our minds that we will have to look back on the endless amount of advice you have given us through the years and use what we've learned from you. You have been role models, have given us inspiration and hope and have been with us in times of need. As we go off to college, or join the military or workforce, we will always cherish the memories we've made. We are eternally grateful for what you have taught us and will never, ever forget this life you've helped us build.

Sincerely,

The Graduating Class of 2019

Jabrel Donson-White &
Andhalyi Carter

Our senior year began only eight months ago. (Although, it feels like yesterday!) We walked into our M.C. Perry High School excited to finish off an amazing chapter of our lives. Now, it is April and there are only seven weeks left until graduation. Soon we will be finishing up our 'lasts.' We'll have our last classes, our last exams, and our last day of high school.

When we look back at senior year we will always remember our last homecoming parade and dance. We worked really hard on our parade float and enjoyed throwing beads to the crowds during the parade; we all had a great time at homecoming dance. That first pep rally will always be memorable because we demonstrated the level of school spirit we expect for the year, especially with those senior signs. Another memorable time was putting our handprints on the wall in the senior lounge for future classes to see.

Lorenzo Brown stands next to his parents on Senior Night for basketball.

The Matthew C. Perry Class of 2019 would like to acknowledge some of the people who have supported and helped us get to this point. Without these people we wouldn't have made it this far or had a good time along the way.

First, we'd like to thank our sponsor Ms. Swiderski for all the hard work she has done to support our class. She has helped us make our senior year memorable and we are so grateful that she is our class sponsor. Next, we would like to thank our administrators, Mr. Brown and Mrs. Cobb for the support they have given our class. Without their support, our senior events wouldn't be possible. Finally, we would like to thank our parents. For the last eighteen years our parents/guardians have unwaveringly loved and supported us and for that we are eternally grateful. We hope that you seeing us graduate is rewarding as parents/guardians. All in all, we are thankful for all the teachers, friends, and family who have played an important role in our educational journey.

I wish only the best for my fellow graduates and can't wait to see what the future holds for all of us.

Halie Harris
Senior Class President

Kayla Averett & her mom

(Left to right) William Rudolph, Deion Stephens, Anthony Laney and Lorenzo Brown II are proud to be Perry seniors.

Charles Scott and Zachary Forester lift Marialena Garcia down to be with her fellow seniors. Recovering from surgery, she made the extra effort to make sure she was included in the annual Kintai Bridge Senior Photo.

Kevin Ordinario dresses up as a mime on Halloween and plays the accordion for his senior classmates.

The 2019 graduating class of Nile C. Kinnick sends a sincere thank you to the support that has guided us to this monumental event in each and every one of our lives. To all the mentors, people we look up to, and the ones that pushed us to learn and grow to be our best, thank you.

To the parents, This moment is just as much as yours as it is ours. While you were an important piece in guiding us to this special day, it's just one day. Your love has spanned a lifetime and that's what we will forever be grateful for. Your endless love and support has given us something to strive for. You modeled the roles of perfect parents and exceptional people that we all hope to become one day. We thank you for pushing us this far and showing us our expectations and potentials. We thank you for always believing in us. We hope to always make you proud.

To our teachers and administrators, Thank you for teaching us more than what the curriculum told you to teach us. Thank you for teaching us that GPAs and test scores don't define us. You gave us the confidence to believe in what we believe in and ourselves. Over these 4 years, thank you for never giving up on us. Thank you for pushing us and not accepting anything but the best from us. Because of you, we never gave up on ourselves. The passion and love that you brought into the class shaped us into the people we are today. We won't remember every math equation or piece of history that you taught us, but we'll always remember your commitment and the sacrifices that you made in order for us to reach our goals.

To the graduating class, Each and every one of you offered something special to our class. Always remember: once a devil, always a devil. Congratulations on all your hard work.

Parents, Teachers, and Friends:

We, the 2019 Class of Robert D. Edgren High School, cannot thank you enough for your unfailing support. This school year has had its own remarkable adventures. From our many academic challenges to our athletic feats, your support has been steadfast. We persevered and we made it. Finally, we're here, and it is all thanks to you!

Through your support, we made academic strides and our sports teams reached new heights. Ten percent of our class is enrolled in Advance Placement (AP) courses and learned to balance academic rigor with athletic prowess. Led by two four-year Edgren starters, the football team came extremely close to a championship run. These seniors were amazing on the field as well as off the field. Each was instrumental in recruiting players to the team; this ensured that our team could sustain. Subsequently, this team produced four all-stars who were selected to the Tomodachi Bowl. In similar feats, the men's basketball team soared to second place during the Pacific-East competition. Well decorated, the five seniors who led the basketball team were equally supportive of the women's team. While the Lady Eagles did not amass a plethora of game victories, they were victorious in character and spirit, and they improved immensely during the course of the season. Not only was the wrestling team anchored by seniors, but multiple Division II championships! Each senior placed very high in his respective weight class. Last but not least, our track-and-field is exploding with senior superstars, too. This group is "smokin' the competition" and representing our class and community well. Like them, the seniors who help compose the men's soccer team held their own and helped Edgren secure third place during the recent DoDDS Soccer Tournament.

Without a doubt, the class of 2019 has woven its thread into Edgren's strong tapestry! Now as the year is nearing an end, we are positioning ourselves to finish strong! While moving swiftly towards the finish line, we are reflecting and giving thanks to all who have helped us thus far. We want to acknowledge our faculty council, Mrs. Amy Sweeney, Ms. Paris Rhoad, Dr. Leah Sledge and our sponsor, Dr. Pamela Tucker. Together, y'all have ensured that our senior year was both memorable and manageable; THANK YOU!

Though our futures are not yet decided and we are uncertain where the world will take us; we are sure that we have been given the tools to navigate the world and there are many places to go!

Again, we're grateful to our parents, teachers, and friends. Eagles Out!

Cody Dettman,
Class of 2019 Student Body President

Summing up high school means, four years of late nights, early mornings, homework, exams, sports, friends, dances, games, and extracurricular responsibilities. As it culminates at graduation, we reflect on this bittersweet finale to our high school careers, and those who made it possible.

Countless people worked tirelessly in the classroom and behind the scenes to ensure we would not only graduate, but spend our time wisely in order to prepare us for life beyond the classroom. We are blessed with many educators and administrators who guided us throughout our lives, and went above and beyond the call of duty. Several members of the YHS faculty not only teach classes, but also serve other roles as coaches and student organization sponsors. Our counselors made sure everyone would have an opportunity to graduate and provided us opportunities to apply for scholarships and earn volunteer experience. The faculty at Yokota High School reliably put students first, especially ensuring our senior is unforgettable.

We also thank our parents, pastors, siblings, and other individuals who supported us throughout these years. Without their support, love, and advice, we would not have come so far.

From the graduating class of Yokota High School, we offer a sincere thank you to all of those who have helped guide and shape us into the young adults and globally-conscious citizens we are now.

Rebecca Holladay

Before we leave to embark on our individual paths towards the rest of our lives, we would like to thank the people who helped and supported us the most throughout the last four years.

Teachers, We cannot thank you enough for the commitment and dedication you have put into our education. Thank you for the countless hours of standing by our sides looking over our shoulders making sure we're getting it right. Your abilities to answer the same question a countless amount of times never went underappreciated. Your efforts to help us understand the simplest to the most complex concepts in school have undoubtedly contributed to our preparation for our plans after high school, whether it be attending college, enlisting in the military, or even joining the workforce. Being military children, most of us have had to either arrive at Zama American Middle-High School or leave it in the middle of our high school careers. Thank you for contributing to our smooth transitions between schools, and thank you for understanding our occasional struggles that come with the package of being a military child.

Parents, Thank you for being our most committed and biggest supporters. From making sure we are completing our assignments and not forgetting to eat dinner, thank you for being there by our sides during our time outside of the classroom. Even while we were in the classroom, thank you for the "Good Luck!!" and "You got this!!" text messages before a difficult test. Although we may spend more time at school than at home, thank you for your immense love and never-ending support. We are excited for our plans after graduating, and we know you are too. Thank you for your support throughout the past few years and thank you in advance for the many years to come. Graduating will be one of the most exciting and rewarding moments of our lives, and ultimately a result of our hard work and dedication. We owe that moment to you.

We hope that turning the tassels on June 6th will inspire those who have supported us throughout these last four years, just as they have supported us.

Senior Class Officers

Senior student sports photographers for Stars and Stripes, Justin Brown and William Takahashi, get ready to take photos of the 2019 Far East Girls soccer games at Zama High School.

Liann June So studies for her AP Japanese exam.

Senior Physics Class students think positively as they prepare for their daily assignment.

TWO YEARS OF COLLEGE IN JAPAN AND TWO YEARS IN THE U.S.

RECOGNIZED BY THE HIGHER LEARNING COMMISSION IN THE US AND THE MINISTRY OF EDUCATION IN JAPAN

DEPENDENTS OF MILITARY PERSONNEL

Lakeland is an excellent transition university for military dependents finishing high school. Small class sizes and close supervision by faculty make transition from high school to university easy.
Lakeland University Japan has all the US Military Educational Benefits Available.
(Post-9/11 BILL, YELLOW RIBBON, VET ED, DMA 189, MONTGOMERY GI BILL)
We also offer all the FAFSA opportunities available at US based higher education centers.

AT LUJ, students can:

- Commute from home in many cases
- Receive the two-year Associate of the Arts degree in 19 months
- Make new friends easily in the family-like atmosphere
- Enter competitive universities more easily as A.A. degree graduates than high school graduates
- Automatically receive a scholarship upon transferring to the main campus in Wisconsin as LUJ graduates

Tyeis Kemp

Kinnick High School Alumna and a LUJ Graduate

"Lakeland University Japan Campus (LUJ) is a school that provides an environment with students from all around the world, which was perfect for me after graduating from high school at an American military base. There are a variety of classes from which to choose from. These classes help guide me to seek my future major.

Being an LUJ student changed my perspective significantly. It certainly has shown me a diverse environment as the campus is located in the city of Tokyo and many opportunities are filled within this college. For example, there are temples and shrines to visit not too far from school. Also, the size of each class is quite small, which makes it easier to get individual help from the professors. There is nothing comparable with studying in a delightful locale in a beautiful country."

Quinn Borders

Lakeland
University Japan
Academic Program

My name is Quinn and growing up I lived mostly in America. I was thankful to not have to move very often because my dad was already close to serving 20 years in the military, at which point he retired. When I was 16 we moved to Australia, but I had always been really interested in going to Japan. It started with meeting our neighbors, whose father was also in the military. They had just moved back from Japan and I became really good friends with their son, a half Japanese-American. Eventually, I went to Japan by myself when I was 18 because I really wanted to learn the language. I started at a language school and then was having trouble finding a university that even knew what the GI Bill was. That was when I found Lakeland University and talked with the Dean and was interviewed by staff. Once I was accepted after the interview, the school was very quick with starting me on the GI Bill from my father's service. I really do appreciate my father giving the GI Bill to his two kids. If it weren't for him, I wouldn't be able to attend this great school.
