“High school isn’t an end to education, but a beginning to life-long learning. High school is but a fraction of our entire life, so don’t let it be your peak point in life. Let the experiences, lessons learned, and memories made inspire you to continue to grow in both knowledge and relationships with others.”

ONE SMALL COMMUNITY, ONE BIG FAMILY

After months, or rather, years of working towards this goal, it is almost time for the class of 2024 to walk across that stage and get their diplomas. With 38 graduates, we are the biggest graduating class DMHS has ever had. But despite our size, we have achieved so much, both academically and personally. Even though all the graduates will soon be going their separate ways and pursuing their own goals, I know I speak for most of us when I say we've been reflecting on all those who have supported and helped us throughout the years. Going to a school with such a small community as we have here, we're all like one big family. Students come in without knowing anyone but because of how welcoming our community is, they never have to feel alone. On behalf of the graduating class, I'd like to give thanks to a few groups of people.

Starting out, I'd like to thank my peers and the graduating class I write about. We've all gotten to know each other over the time we've been together, and it's been a pleasure to know you all. You can't have a graduating class without a class! Second, thanks to the parents who eagerly help with events and are always an ally to our students. Thank you to our teachers, for teaching us about academics and life in general. Without your help, we'd be going into life without any knowledge. Administration, Mr. Clites and Dr. Kelly, even if we've caused you the occasional problem, you've been sweet and helpful since the beginning, so thank you, too. Finally, I'd like to thank Mrs. Durrant, our senior class sponsor, for always having faith in us and helping us prepare for the finish line. You've been a teacher, friend, and our biggest supporter. As we move on to a new chapter in our lives, know that you all will stay in our hearts and memories.

On behalf of the graduating class at Daegu Middle High School, thank you all for everything.

YOUR SUPPORT IS THE CORNERSTONE OF OUR ACHIEVEMENTS

The graduating Class of 2024 is not just thankful but deeply moved by your unwavering support throughout our high school journey. As we step into the world, we carry the advice and encouragement you have generously shared during our happiest and most difficult times. Your guidance and insight have not just been invaluable; they have been life-changing, shaping us into the successful individuals we are today. We feel incredibly fortunate to have had such outstanding support on our path to success, a support that has been instrumental in our personal growth and transformation.

We are incredibly thankful to our families, who have made countless sacrifices, staying up late to help with homework assignments, offering advice when we felt like giving up, and providing emotional support during our bad days.

We are thankful to our friends, who have chosen to stick by our sides, attending classes, studying with us for tests, and hanging out when we needed a break.

We are thankful to our counselors who have supported us with our decisions for our future, guiding us on the path to our plans and the steps needed to get there.

Lastly, we are thankful to our teachers, who have equipped us with the necessary skills to succeed in life, teaching us to balance our schedules, solve complex problems, and learn invaluable lessons that will be used later.

Once again, we are not just grateful but entirely indebted to those who have supported us through our journey and stayed by our side. We are not just fortunate but blessed to have you in our lives, and we cannot express our gratitude enough for the role you have played in our success. Your support has been the cornerstone of our achievements, and we are forever grateful for it.

Sincerely,

- The Class of 2024

The senior class traveled to the Incheon Global Campus to explore college options.

An annual tradition at OMHS is the seniors enjoying a sunrise breakfast together on the first day of senior year.

**LET THE EXPERIENCES, LESSONS LEARNED,
 AND MEMORIES MADE INSPIRE YOU**

As our senior year comes to an end and graduation approaches, seniors, ourselves included, have been able to reflect on our high school years. In these crucial four years of our lives, we've laughed, cried, struggled, and succeeded together. Although we've had each other to lean on, we'd like to send our thanks to all of those that have supported us throughout high school. To our teachers and staff, both from previous schools and at Humphreys High School, we would like to thank you all for providing us with both the tools and experiences to be capable of creating our futures. We know we didn't always make it easy, but we are so grateful to you for standing by us. We value the time you took to guide and teach us, as well as your patience and understanding of our constant moving and PCSing. We would especially like to give a special thanks to our senior sponsors Ms. Tompeck and Ms. Gooch, for their tireless efforts in making our senior year as memorable as possible.

To our parents and family, thank you for always supporting us in all our hardships, especially during the transitional periods from one school to the next. Moving can be challenging for us, but it would be much more difficult without familial support. Thank you for being there through every late night, early morning, and each moment in between. Your love and support mean more than you could know. We thank you not only for your military service to our country, but your service in preparing us for our future lives ahead.

To our community, thank you for always cheering us on, whether for our events, concerts, and sports. For many of us, each school activity and event could have been a reminder of how far we were from home, but this community truly showed up. Thank you for being our cheerleaders and supporters. While high schoolers are always trying to make a difference for our community here at Humphreys, the community has given us more in return, and all Humphreys seniors greatly appreciate that. Being in a foreign country has inevitably meant that our high school experience has looked a little different. Despite the challenges that it has provided, the Humphreys community has truly fostered an environment of unity and togetherness that has been so enriching to our high school years. Thank you for providing us with opportunities to grow and experiences we'll never forget.

To close, we would like to encourage our fellow graduates to stay curious. Don't let our education end with Humphreys High School. Whether you are pursuing a degree in college, going to trade school, enlisting, or even taking a leap year, don't remain stagnant. High school isn't an end to education, but a beginning to life-long learning. High school is but a fraction of our entire life, so don't let it be your peak point in life. Let the experiences, lessons learned, and memories made inspire you to continue to grow in both knowledge and relationships with others.

Respectfully,

 Samantha Dales and Hannah Snyder,
 on behalf of the Humphreys High School Class of 2024
