WORDS CANNOT EXPRESS OUR GRATITUDE

We walked through those doors as freshmen not knowing what to expect of our high school years. Fresh in the COVID-19 Pandemic, we were nervous, excited, and ready for our in-person school lives to resume. No matter the trials and tribulations we had experienced with online classes, we were able to approach our long-awaited school lives with grace thanks to our committed community. We would like to thank our KDHS Administration for doing their best to give us a “normal” high school experience amidst a pandemic. You faced many changes and challenges, yet never wavered in your unconditional dedication to us. You allowed us to excel in not only our academics, but also in our sports and clubs. You were the backbone of all our successes, and we are so happy to say that we created many unforgettable memories together. Such memories were made at class-hosted events. We often showed up and had a good time, but little did we know what went on behind the scenes.

Ms. Kisela and Ms. Darden, our Class Sponsors, words cannot express the gratitude we have for you. The countless hours of work you have put into us has not gone unnoticed. You truly believed in us and showed up every step of the way. With your extraordinary ideas and execution, you were able to create a legacy for the Class of 2024 at Kadena High School. You were the mentors we didn’t know we needed. We thank you for everything you have done for us.

Seniors, as you prepare yourselves for what’s to come, please remember to thank your parents and other family members. They volunteered at our dances, baked for our bake sales, and trusted us with cleaning their cars so we could fund our events. Parents, we truly appreciate all your support. Thank you.

We also would like to express our appreciation for our teachers, coaches, and staff. You created safe spaces we looked forward to going to every day and planted the seeds for our desires to learn and grow. You truly are our heroes.

Last, but not least, thank you to my fellow graduates. I am so proud to say that I am a part of the Class of 2024. Year after year you managed to help and inspire others and lead by example. I know in my heart that every one of us are onto big things.

Let’s forever remember the lessons we learned and continue to grow in the next phases of our lives.

CHANGING CHANGE

As the flower of the military child. Like and thrive anywhere the wind takes them. I embraced this mindset. I have moved numerous times, thriving.

In new places, my time as an active duty military child concludes, I will be graduating and leaving far. While this chapter of my life closes, I will carry with me forever.

Change is permanent; change is inevitable. Being resilient and cultures allowed me to adapt to ever-changing environments. While change can be challenging, you stay in one place, there is no room to grow.

I have made friends from all walks of life. I have made friends from all backgrounds, cultures, and religions. This has always taught me not to judge a book by its cover. I have learned to find joys outside of my own.

I will proudly carry the title "Military Brat" into my next adventure. As I say goodbye to this school, I say hello to every person and place with me moving forward.

THANK YOU TO ALL OUR BIGGEST SUPPORTERS

On behalf of the Kubasaki Senior Class 2024, we would like to give a huge thank you to all our biggest supporters this year. Without the parents, teachers, administrative staff, and other volunteers, we wouldn't have been able to accomplish all that we have this year.

To our teachers: Thank you for giving us the guidance we needed during our most crucial years of education. With all the time you took to plan out new lessons for us, you also offered your own time in assisting us further and pushing us through to achieve new goals. During our 4 years of high school, we grew to see you for more hours any given day than we would see our own parents. You learned to understand the lifestyle of a military kid patiently and took extra care in your position, becoming a role model to the students in the school. Without your gracious support system that stretches across educational and personal needs, we would not be walking across the stage, diplomas in our hands and smiles across our faces.

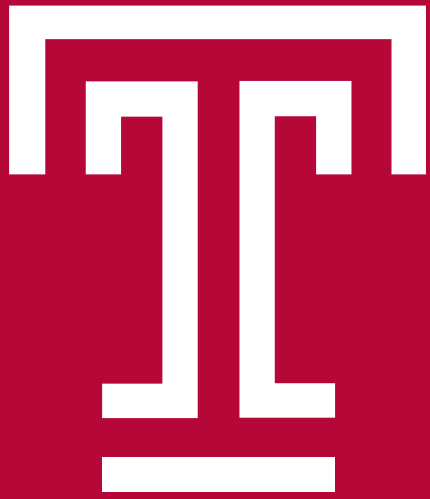

To our administrative staff: Thank you for keeping our school functioning smoothly and maintaining the safe environment for growth that we learned to love. We are grateful to have a support team that is as involved with student life as the teachers are. It is a pleasure every day to watch the front office staff and admin walk the halls and show their genuine interest in what we accomplish in and outside the classroom. We would also like to extend our gratitude to the staff who keep Kubasaki running behind the scenes. Thank you to our cafeteria staff who prepare lunches to keep us fed, to the IT staff who keep our learning environment up to date with current technology, and the Mama-sans who stay after school extra-long to ensure the students come back to a clean school.

To our coaches: Thank you for keeping us disciplined and humble. Through experience, you have taught us lessons that we can use both on and off the field. Your efforts ensuring we stay sharp, have prepared us to catch whatever life throws at us. Even when we get knocked down, you're always right there to help us get up again. Thank you for teaching us what it means to be a leader and a team player. Not only have you set a great example, but you've taught us how to be that example for others. For all the times you've cheered for us on the sidelines, we cheer for you now.
