AFNORTH International School

Alconbury, England

Alconbury High School

Alconbury Middle High School has always been a school that has been known for having one of the best-spirited communities in DODEA. Our Senior Class is a force to be reckoned with.....be it at pep rallies or participating in school activities, seniors are always leading the way in school spirit. The Dragon Class of 2024 has shown great pride in sports and extracurricular activities and have had a big presence in MUN, Educators Rising, Creative Connections, Honors Band, robotics, cheer, track, and football to name a few.

join our Dragon family. Even though our class may be small (just 29 seniors), we are always supportive of one another and are grateful for our tight-knit and strong community. As a class, we would like to thank our families, but also the extremely supportive school staff and community who have helped lead us on the right path through our years here at AMHS. We are proud to say, Once a Dragon, Always a Dragon!

Our senior class has always been welcoming and inclusive to the many newcomers that

Dear Ankara EHS Graduating Class of 2024,

As we stand here today, ready to embark on our next adventures, I can't help but reflect on the incredible journey we've had together. We come from different corners of the world, with different languages, cultures, and stories. Despite these differences, we have formed an unbreakable bond, becoming not just classmates, but a family. This senior year has been particularly stressful for many of us. We've had to navigate university decisions, manage a multitude of responsibilities, and prepare for the future. However, because of our closeness, these challenges seemed more manageable. We supported each other, laughed together, and made lasting memories that will stay with us forever.

As we move forward, we will be scattered across different universities in different countries. But our experience here at Ankara EHS will stick with us. We've learned how to make friends easily, how to explore and respect different cultures, and some of us have even picked up new languages along the way. Being an Ankara EHS student was an amazing experience. We got to take classes we would have otherwise never been able to, played sports we wouldn't have even tried before, met amazing teachers we wouldn't have seen before, but most importantly, we got a family we know we can count on, anytime and anywhere across the globe.

Congratulations, Class of 2024, on this momentous achievement. I have no doubt that each and every one of us will go on to do great things. Thank you for being such an amazing class and thank you for allowing me to be your president,

As we gather here with feelings of excitement, nostalgia, and anticipation, it is important to remember the journey that brought us to this moment. We have all faced countless obstacles and experienced days when we didn't see a light at the end of the tunnel. But as we pushed ourselves to new limits, we have shown how truly resilient, determined, and hungry we are for our future.

I would like to express my deepest gratitude to those who have supported me every step of the way—my amazing mother and father, who are my heroes and ensure that I know I am loved and will always be loved, no matter what I decide to do.

I would also like to, of course, express my gratitude to the senior class officers who have made this event possible: my Vice President, Santiago Wright; my Secretary, Ryann Boldt; my Treasurer, Addison Schuyler; and my Public Relations Officers, Colin North and Aaron Smith.

As a kid moving overseas, life abroad can seem daunting. But having the opportunities that come with it is what most "normal" students romanticize. They didn't get the opportunity to go to Rome for the weekend with their best friends. They couldn't go to Jesolo Beach for a birthday party. They couldn't go to Spain just to play a simple game of baseball or football. They couldn't walk on the bridge that was literally in Spiderman with their family and always say, "Hey, this is the bridge from Spiderman."

As we say goodbye to Aviano High School, let us carry the spirit of togetherness, resilience, and determination that defined our time here. Let us cherish the memories and family we have made, and let them remind us that we are capable of greatness.

If I were to describe my senior class, I'd call it a tapestry of memories created by a small community of tightly knit groups within one class. We are definitely filled with different personalities, hobbies, interests and opinions however we managed to work together and think as one. I'd like to mention and honor my fellow classmates. Starting with Antioun who always made everyone laugh with his sarcasm especially during class when we needed it during a stressful or boring day. Annika is a walking comfort to everyone, the only person I know that is filled with so much care, respect and love to give; her kindness overpowers the flaws of bad characters in school. Alexander, that never studies but just always passes every test, is such a smart person yet also very athletic, with a very unique personality and fashion that makes him stand out. Laila, my friend since seventh grade. I am so blessed to have her in my life and have done every sport with her and seen her grow to a great leader and a very strong woman filled with determination. Aaliyah, one of the prettiest girls I know is such a humble person that brings inspiration to people around her. Ontanajha has a very set and strong mindset. She follows through and goes by her decisions and goals without taking influences from anyone, she knows how to block the bad influences and work through them. Owen brings a unique perspective and humor in class. His comments are somewhat questionable but will always make you laugh. Kenton, a great leader and a great example for younger people es-

pecially in JROTC. He is friends with everyone and has a great personality and friendship with underclassmen. If growth was a person I'd say Marten (Ziven) would describe it. I am so proud of how far he has come and what he achieved, especially stepping out of his comfort zone every day. Bryson is open for everything such as topics and events, willing to volunteer for everything. Oliver has a great sense of humor and someone who brings maturity into our Econ and Government class. Waverly, one of the most talented and artistic people I know. Such an inspiration when it comes to dedication, art and also fitness. Zola (Z) expresses herself well through their outfits everyday, she has great ideas to pitch in every time, especially in Student Government. And lastly, Nadyah is very talented in sculptures, knows how to communicate and show her soft side to her friends and teammates by always being willing to help out. This journey with every single one of them has been filled with laughter, challenges, shared dreams and opinions that have led us to such an open mind. As the school year comes to an end, each one of them may swell up with pride as they don their caps and gowns. I may not have the closest friendship with some of them; I know that all of us have noticed the little things that we admire within and about each other and I hope that this passes onto the next graduating class. See the little things and enjoy the moments.

— Kylah Tuazon,
 Senior Class President

Baumholder Middle High School Seniors,
 We Made It!

As we reflect on our journey throughout the past couple of years, I know the twelve of us are filled with a mix of emotions. From freshman year to our last moments of senior year, each of us have grown tremendously. Although we weren't all here together from the beginning, I know that high school has been full of experiences, friendships, and challenges that have shaped us into the group of wonderful individuals we are today.

In these four years, regardless of where we started, we have each explored our passions and interests, and have pushed ourselves to do amazing things. From participating in sports, clubs, and other extracurricular activities, I am proud to say that each one of us are dedicated, passionate, strong, and resilient.

Our time at BMHS may be ending but let us not forget the moments we have shared with friends, the laughter and jokes, and the support from our teachers and staff. The bonds we have formed and the memories we have created here have made our time at Baumholder truly unforgettable.

As we approach graduation, I am confident that the knowledge and skills we have acquired will guide us towards a successful and fulfilling future.

So, Baumholder Class of 2024, let's embrace this new chapter in our lives. We earned it.

— Janet Phillips
 Senior

Manama, Bahrain

Bahrain Middle High School

As the Bahrain School Senior Class President, I am honored to address you today as we stand on the threshold of a new chapter in our lives. These past four years have been a journey of growth, discovery, and fun, and I am filled with gratitude for the privilege of representing such a unique and riveting group of individuals.

Being in Bahrain has offered an adventure unlike any other, our senior events out in the country as well as the strong cultural ties with our school have been an experience that is impossible to forget. Through the last four years, we weathered so many different storms, through a bit of COVID, through times of uncertainty, and even through a seemingly massive once in a lifetime rainstorm. Together, we have overcome the stresses of our classes and tests while celebrating the triumphs of achievements and milestones. And through it all, we got to know each other more and more every day, forming a sense of solidarity even in the midst of our differences.

As we prepare to embark on our next journey, whether or not it includes Bahrain, I want to take a moment to express my appreciation for this remarkable class. Your humor, spirit, and resilience have inspired me, and I consider myself lucky to be able to lead a class like ours as we have grown and transferred through the years.

As our paths separate, the memories we have made together and the relationships we have formed will always bind us. We all have the lessons we've learned and each other's support to help us along the way, regardless of whether we decide to pursue further education, enter the workforce, or take a different approach to seeing the world. Let us dream big and seize the opportunities that come our way as we look to our bright and bold future.

Brussels American School

As we approach our final days of high school, many things are rushing through our minds: accepting college offers, studying for AP exams, preparing to leave Brussels, and trying to make memories together while we still can. As I write this today, just 39 days before we walk the stage, I can't help but feel nostalgic about our years in school. Even though some of us have been at BAS for 10 years and others for just 10 months, as we approach graduation day, we are all preparing to do the same thing, say goodbye to this unforgettable chapter of our lives. We have grown up together, gone out together, traveled together, cried together, laughed together, played together, worked together, and most importantly made meaningful connections together.

Congratulations Tyra!

We are so very proud of you. Dream big.
Love you, Mom, Dad, Nelly & Nyla

Hohenfels, Germany

Hohenfels Middle High School

As all of us are coming closer to the realization that high school is over and that our adult lives are about to begin, I think it is easy to get lost in the nostalgia of the memories we've had throughout our years at school. From those early mornings before kindergarten, eating cereal in our PJs watching cartoons, to the excitement of watching Polar Express on the carpet before winter break, we are now only a few steps away from the next chapter of our lives. Despite the many challenges that come with going to school at Hohenfels, I think we can all agree that we've made our time here special without even thinking about it. Simple high school activities have become lifelong memories of field trips, pep rallies, and even just laying in the grass outside the JROTC room playing games together. Standing on this threshold of our new beginning, let us not only cherish those memories we've created together but also look forward to the life that awaits us. To all the seniors, I want to express my gratitude for the impact many of you have had in my high school life, even if we only saw each other in passing. As a class of 21, we have all grown and evolved together during our time here. We should all be proud of ourselves as we prepare to part ways and pursue our individual dreams, whatever they may be. Let us carry with us the lessons we've learned here at Hohenfels. The world is waiting for us, and I have no doubt that each and every one of us will leave our mark on it.

Kaiserslautern, Germany

Kaiserslautern High School

Kaiserslautern High School Class of 2024

If anyone is ambitious, hardworking, persistent, adaptable, and overall great, it's the KHS graduating class of 2024. From the first two years of highschool with masks and on-and-off virtual classes this class didn't experience normality their first years of high school. Many of the clubs,sports, and opportunities were closed off to us in the name of safety. As a class, instead of letting it hinder our progress, we worked extremely hard outside of school hours to make up for lost time. This year has really been the year for the graduates as they have stepped into school involvement, community interactions and leadership roles, not only at the school but the KMC as a whole. With admissions from top schools to receiving scholarships left and right, these graduates are not shy of successful achievements.. Keep an eye out for this class of 2024 because they are the future and the world is truly their oyster.

Lakenheath, England

Lakenheath High School

“There will come a time when you believe everything is finished. Yet that will be the beginning.” — Louis L’Amore

This certainly holds true for the Lakenheath class of 2024. The seniors this year started off full of enthusiasm and school spirit. In fact, by leading pep rallies, spirit days, and our homecoming week, our class dominated the school spirit boards all year by over 3000 spirit points, which if you’re not familiar with our little school, is a lot!

However our seniors haven’t just been having fun and playing around. This year Lakenheath seniors were true pioneers.

The 2024 Lakenheath class brought back a number of honor societies and clubs that have been absent in recent years. From introducing the National Science Honor Society to Lakenheath to establishing Lakenheath’s first Music Honor Society, our lancers have paved a bold new road that will raise the standard for underclassmen for years to come. Lakenheath seniors have also been busy academically. Doubt me? Check out the number of honors diplomas on our graduation program, scholarship awards, and academy appointments we are celebrating this year.

Finally our class of 2024 has made extensive contributions to its local community. From volunteering around base and the

neighboring schools, to helping out some of our local squadrons our seniors have been doing tremendous work!

Now, as they prepare to enter a new and exciting chapter of their lives, our seniors are finishing off the year strong with the same optimism and passion they brought in August. They are more motivated than ever to take life by the horns and make their mark in a brave and dynamic world.

Naples, Italy
Naples High School

Dear Class of 2024,

This accomplishment of graduation should provide us with a moment of introspection. Each of us has faced unique challenges, yet as military kids, resilience is the core we draw our strength from. Whether it's moving homes, adapting to new environments, or saying goodbye to friends, change has been a constant companion in our lives.

Have you ever had a say in where you live? Or convinced your parents to delay a move? Life for us has been a whirlwind of change, often without warning. But amidst the chaos, we've learned invaluable lessons. Resilience isn't just about bouncing back—it's about finding strength in uncertainty and growth amid challenges, that propels us forwards.

As we navigate through the transition into adulthood, let's cherish the bonds we've formed and the memories we've shared. The military community has been our rock, providing unwavering support and camaraderie every step of the way. It's a privilege to be part of this resilient and tight-knit family. Class of 2024, as we venture into new horizons, let's carry the spirit of resilience with us. Embrace change, treasure the moments, and nurture the friendships that sustain us. Together, we've conquered obstacles and celebrated victories. And together, we'll continue to thrive, wherever life takes us.

Wishing you all the best as you embark on this next chapter.

Ramstein, Germany
Ramstein High School

I vividly remember our first day at Ramstein High School in the old building. The seniors lined us up on the football field to walk us to our first high school class. We ended the story of each class that graduated before us while beginning our own legacy. We were so young and naive, intimidated by the "mature" seniors not realizing that in a heartbeat that would be us. Not everyone started high school here, but we are ending it proudly with each other and the treasured friends we've made, knowing the impact each person has had on our lives. We've been set up for our future, no matter where that may lead us. Each of us will prosper, first-handedly learning and experiencing that for which our parents and teachers have been preparing us. We'll take the time we have been gifted and make the most of it. As class president, it was a privilege to help organize some of our events such as Thanksgiving dinner,

Spooky Walk, senior breakfasts, and the senior trip. As an active member of Student Council, I was always instructed to hype up the crowd during pep rallies. When it came down to it, though, the class of 2024 had it covered, always ready to show pride in its accomplishments. It had what it took to accept losses as well. This has always reminded me of how important community is in the time we have. After crossing the stage, our community of seniors will spread throughout the world and inspire others. We will share ideas and build new communities, allowing us and the world to grow. So go spend time with those you love doing what you love, inspire others, and contribute to those communities that make us.

Our school is beautiful and we are proud to close off our year the way we have. Many of us have been here the majority of our high school careers, with some of us even being lucky enough to have called Spain our home since elementary school. Regardless of the time we've spent here, our school, base and local community has become a second home to us and left a permanent mark in our hearts and memories.

Our high school experience started with COVID. So, although we haven't necessarily had the most traditional experience, we have certainly had one of immense growth and beauty. Our class has shown resilience and adaptability in both virtual and in-person

settings, and we have been lucky enough to enjoy traditional benchmarks of high school, such as sports and prom. However, thanks to our incredible overseas location, these hallmarks of high school have been enhanced by the beauty of sunny southern Spain, as well as the opportunity to visit its rich neighboring countries. This unique opportunity has broadened the horizons of Rota's 2024 seniors, and opened their hearts and minds to new friends, cultures, and experiences. By acknowledging the complexities of the foreign world around us, we learn to celebrate our differences, while growing a deeper appreciation for our shared humanity.

This year especially, the senior class has managed to overcome interpersonal differences through their recognition of common goals. Although at times disagreements rendered no easy solutions, compassion, compromise, and perseverance united our class and propelled us to work towards having a fun and memorable senior year.

— Mayra Segura Lopez
 Senior Class President

SHAPE American High School

To the SHAPE graduating class of 2024, Congratulations. Not on making it to the end, but rather for taking another step in your life. I believe these past few years have really shown us that some parts of life never truly end. We came into high school while the pandemic was still freshly introduced to our society. All of us had to work through and adjust to a major conversion of our school system and the way we learn. We have now passed the time where we were all new to these concepts, but if you look around, you'll realize that nothing's the same as it was before, and it never will be again. Although these changes were present, the constant here is learning. Learning will continue to be part of our lives whether we like it or not. It will be about whether we continue going to school, choose a career to go straight into, or even build relationships. I am so glad I was able to experience this step in learning with all of you and truly hope whatever comes next for everyone is truly incredible. So again, congratulations on taking another step.

Sigonella Middle High School

The Sigonella Middle High School Class of 2024 embodies resilience, adaptability, and a spirit of determination. Despite facing unprecedented challenges throughout our high school journey, we have come out stronger and closer than ever before. From navigating a global pandemic to overcoming personal obstacles, we have shown remarkable perseverance to achieve our goals. As we prepare to take on the next chapter of our lives, we carry with us experiences, friendships, and memories that will serve as the foundation for our future success. Whether it's on the sports field, in the classroom, or within our communities, the Class of 2024 has left a permanent mark. From celebrations to losses, we have experienced it together. Though our paths may part, our bonds and legacies made in Sigonella will last forever. We want to thank the parents and the teaching staff at Sigonella for making our bright futures possible. We appreciate your tireless efforts to push us in the right direction and guide us on our path to success. Congratulations to the Class of 2024. May our future be filled with endless possibilities.

Spangdahlem, Germany

Spangdahlem High School

As I reflect over the past four years, I have come to realize just how much our class has overcome. From the initial transition of leaving schools in the United States to embracing high school life overseas, to the unexpected arrival of the pandemic during our freshman year—a disruption that profoundly impacted our academics, sports, and social interactions—we have faced it all.

We met the day-to-day obstacles of growing up and coming to terms with who we want to be and what we want to do. We have persevered to prepare ourselves for this next step in our lives. Together, as Spangdahlem's graduating class of 2024, we have shared each other's triumphs, celebrated academic achievements, and cheered on our fellow athletes.

With graduation approaching, I hope our class will learn from and take pieces from each other into the next chapter of our lives, I know I will. Here's to Spangdahlem High School's graduating class of 2024.

Stuttgart, Germany

Stuttgart High School

As the Stuttgart High School class of 2024 prepares to embark on the next chapter of our lives, we are excited to reflect on the journey we have shared as a class. As is typical with DoDEA students, some of us were new to SHS and the Stuttgart community; however, we were welcomed with open arms by our fellow students and faculty. The last four years were characterized by moments of growth, determination, resilience, and camaraderie; we have accomplished several impressive feats. Starting high school during the COVID-19 pandemic challenged many of us with online classes and canceled events; we were taught perseverance. These initial challenges will forever bind us as a class. We have formed friendships that will last a lifetime, and have given back to the community in countless ways. Most of us found our niche and passions in topics ranging from biology and government to cooking and journalism. Our collaborative community of seniors makes sure no one is left behind and provides a helping hand to anyone who needs it. Our time at Stuttgart High School has taught us the importance of cooperation, and how to be resilient when faced with adversity. Despite our differences, we have all walked the same concrete halls of Stuttgart High School and through it, we have formed an inseparable connection and bond. As we look towards our very bright futures, let us approach it with optimism, hope, and a sense of satisfaction in all we have accomplished together. Congratulations to us!

In reflecting on this school year - the final year for my graduating class of 2024- I've tried to take an objective point of view, taking into account all 62 students in our class. Doing so seems impossible to me due to the diversity of our graduating class from our lifestyles, personal backgrounds, and interests which are vastly different; from the students who were born and raised in Vicenza to the students who have only experienced one Italian Christmas; from the students going to college in America to the students staying overseas to explore the world; from the star athletes that have won Vicenza DII championships in Cross-Country, Tennis, Volleyball, Wrestling, and Basketball and championship finalists in various other sports, to the academic champions taking various AP classes and taking advantage of their academic challenges, to the masterful artists attending Honor Band, Honor Choir, Dramafest, Model United Nations, Model Senate, Creative Connections, and everyone in between. I realized it's impossible to speak for all 62 of us in this graduating class so I will speak for myself. In my experience, I have been surrounded by a group of knowledgeable, brave, and focused individuals facing a year of great change with ambition and unity. This school year was the first year spent in our new high school complex. It would have been easy to write ourselves off as the "forgotten class", a class of "new kids" in a foreign country and a school building that none of us were familiar with. But instead, we collectively made the best of our situation and found our way of enjoying our last year before adulthood. We started new traditions, made new friends, and became accustomed to our new home. From the senior sunrise at the start of the year, being involved with senior events throughout the year, our graduation week, and the looming senior sunset after graduation, I have enjoyed my time with all 62 of these athletes, scholars, artists, and - most importantly - friends. A bright future lies ahead for the Vicenza Senior class of 2024.

— Arthur Shore,
Senior Class President

Vilseck, Germany

Vilseck High School

Dear Vilseck's Graduating Class of 2024,

We made it! Despite the hardships of Covid and the daunting challenges of AP Chemistry, we made it. Our journey has been marked by resilience and perseverance, forging us into individuals equipped to face the unknown paths that await.

To our dedicated teachers and faculty, who have tirelessly poured their knowledge and wisdom into our minds, thank you. Your stewardship has been the compass guiding us through the academic storms, illuminating the path to success.

To our parents, who have sacrificed so much to provide us with stability and support, thank you. Your unwavering dedication and love have been the bedrock upon which we've built our dreams.

As military children, our lives have been a whirlwind of adventure and adaptation. We've traversed continents, experienced diverse cultures, and created unforgettable memories along the way. The world, with all its wonders and challenges, feels small to us, as it lies at our fingertips, waiting to be explored.

In the tapestry of our lives, we, the Vilseck Falcons, are woven together now. As military children, our destinies will diverge across nations, states, and schools, each pursuing unique dreams. Yet, for this fleeting moment, we stand united in survival. From behind masks to confronting sorrow, we have stood side by side.

Together, we've etched a legacy unparalleled. Never have I known a class as brilliant, as talented, as compassionate. The dreamers and achievers among us ignite a flame of inspiration. It is an honor to graduate alongside you, my friends, a privilege to call you family.

As you venture forth into the world, let kindness, curiosity, and courage be your guiding stars.

Our odyssey has only just begun, and the wonders that await are beyond imagination.

With heartfelt admiration and boundless optimism,
Your Senior Class President,

— Ilianna Ramirez,
Senior Class President

Wiesbaden, Germany

Wiesbaden High School

On behalf of Wiesbaden High School's Class of 2024, we would like to express our gratitude to our families, friends, and teachers for their constant love, support, motivation, and guidance. Upon reflection of our time in Germany, we are incredibly thankful for this amazing opportunity we've been given. We feel so fortunate to have had the experience of living in Europe and having been exposed to people from all walks of life. It has made us more accepting and tolerant of those around us which can only make us better equipped to address the issues our generation will face. Although our high school years did not start out as we had planned, we hope that we've all taken advantage of this time to reconnect with our families and close friends with a new focus and perspective on the things that are important to us. In many ways, experiencing the pandemic has made us feel grateful for the return to normalcy in our junior and senior years. We are also thankful for those around us who,

despite obstacles, have shown us that when the unexpected happens, you come up with Plan B and make it work! The outpouring of support from our community has been constant and generous. We will never be able to adequately express our appreciation. As we close this chapter in our lives, it is with confidence and hope that we face our future. We will always remember our time here fondly.

Congratulations to the Class of 2024!
