 미래를그리는강남

The 2023 Gangnam Meditour Festa will be held in October. Meditour Festa, which has been held in Gangnam-gu since 2019, promotes Gangnam's excellent medical institutions and various tourism resources available to foreign medical tourists.

Medisale – Large-scale discounts for foreign medical tourists

More than 30 medical tourism partner organizations in Gangnam-gu from various departments such as plastic surgery, skin, ophthalmology, dentistry, and oriental medicine participate, are providing discounts of up to 30% for foreign medical tourists and the US military community. Details such as participating hospitals and discount details can be found on the 2023 Gangnam Meditour Festa website, and related coupons can be downloaded.

For foreign medical tourists using Medisale

Upon arrival at Incheon Airport, welcome and pick-up service (Welcome Gangnam) will be provided. When overseas foreign patients using Medisale enter Incheon Airport, we will provide online CS service and offline picketing service so that they can travel safely and conveniently to Gangnam.

Online CS service is a service that provides real-time online guidance so you can safely board a taxi from before boarding a local plane to arriving at Incheon Airport using SNS. We also offer an off-line picketing service at Incheon Airport where someone from our team will escort you to a taxi and ensure you get to your destination.

One-stop from entry to departure! Gangnam-gu medical tourism concierge service (Gangnam Medi-Call)

When a foreign patient uses Medisale, we will assist with taxis, provide customized customer consultation through Gangnam Medical Tour Center, medical appointment service, medical institution consultation or professional medical interpretation during treatment, etc.

Medical technology in Gangnam-gu is world-class. It is safe and convenient. We hope you will experience Gangnam's advanced medical care and diverse tourism through the 2023 Meditour Festa.

A health check-up hospital with Mongolian, Chinese, and English interpretation

SEONGAE MEDICAL FOUNDATION SEONGAE HOSPITAL

It is a general hospital with more than 30 departments such as internal medicine, surgery, orthopedics, neurosurgery, etc. It operates more than 10 specialty centers and 40 clinics together to provide customized services. And due to active exchanges with Mongolia, it has signed a medical agreement with the Mongolian Embassy, and it is a hospital specializing in medical tourism that receives more than 9,000 foreign patients a year. It is renowned for its cardiovascular lithography and coronary artery stenting, valgus valgus surgery, and the treatment of liver and lung diseases.

SPECIALTIES: Obstetrics & Gynecology, Internal Medicine, Medical Examination, Orthopedics

One-stop service with local general hospital Yeongdeungpo Hospital from health checkup to treatment!

SEALING MEDICAL FOUNDATION YEONGDEUNGPO HOSPITAL

Yeongdeungpo Hospital is one of Korea's leading regional general hospitals with a history of more than 50 years.

Yeongdeungpo Hospital Health Examination Center provides a one-stop service for comprehensive blood examinations of more than 100 items, as well as examinations using advanced equipment such as gastroscopy, colonoscopy, ultrasound, CT (computed tomography 128CH) scans, and MRI (magnetic resonance 1.5T) scans, so you can get all the tests in a short time.

If abnormal findings are found after the examination, you can immediately receive treatment plan consultation by linking outpatient treatment on the same day such as internal medicine, surgery, urology, and gynecology.

If you would like to receive medical advice from your doctor or military doctor after your check-up, we will provide you with all the support you need, including a medical examination report and a CD of CT and MRI images.

Please contact us at 1877-0038 for a check-up consultation and we will kindly guide you.

SUBJECTS: Health Examination Center, Pulmonology, Surgery

High-quality examinations by 23 experienced specialists

KOREA MEDICAL FOUNDATION IFC CLINIC

The Korea Medical Foundation Comprehensive Medical Examination Center provides high-quality examinations by 23 experienced specialists and 150 skilled personnel from university hospitals. We perform an average of 85,000 comprehensive checkups a year and accumulate medical know-how. In addition to introducing state-of-the-art medical technology equipment (PET-CT, MRI, 128Channel CT, Olympus CV-290 Endoscope, etc.), the Laboratory Medicine Center is a medical examination center that pursues accuracy and speed with the latest equipment from ROCHE to aim for test results within 2 hours.

In order to provide a comfortable examination environment, the examination is carried out without charts with an integrated medical information system. We have developed a HESEL (Medical Image Information APP) that can store all image information on the day of the examination

MAJOR MEDICAL AREAS: Gastroenterology, Cardiology, Family Medicine, Surgery, Radiology

Yeouido Hotel offers beautiful view of the city center

KENSINGTON HOTELS

KENSINGTON HOTELS & RESORTS

It is a hotel with a modern classic atmosphere with a New York sensibility, and you can enjoy a panoramic view of the splendid night view of downtown Seoul and the Han River. You can enjoy a variety of seasonal buffets prepared on the spot by chefs, as well as authentic steakhouses with classic New York flavors.

Fireworks Festival

The World Fireworks Festival, which lights up Hangang Park with colorful fireworks, is held every year around October at Hangang Park (in front of 63 Square) in Yeouido. A large number of people gather, and there is no time to set foot on the banks of the Han River. There are several places where you can avoid the hustle and bustle and watch the fireworks festival well, such as the Hangang Park event hall, the 63 Square Sky Lounge, and the riverside on the north side of Noddle Island, but the most romantic of them all is the Han River Cruise Ship.
